Brand	Item No	Color	Warranty	Certificate
RS – Roller Shades	RS40 RT / WT	Gray	2 years	CE/CB/TUV/C-TICK/R&TTE/FCC/RoHS/C-UL-US/C-TUV-US

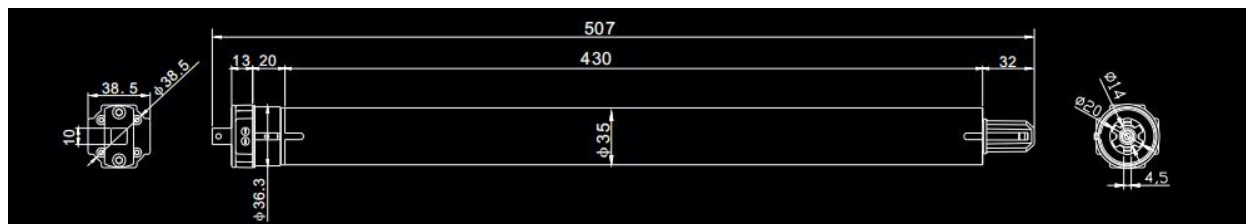

Specifications:

Model: RS40-6/28 RT Radio tubular motor
RS40-6/28 RTE Radio Electronic Tubular Motor

Enter: AC 230V 50/60Hz 0.485A 115W

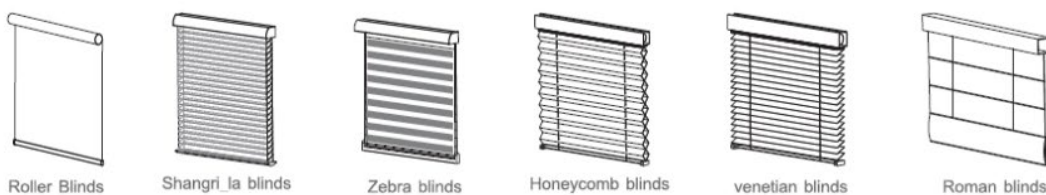

Output: 6Nm 28rpm

Protection level: IP44 class H

Application:

RS40 Radio tubular motor is mainly used for roller blinds, Shangri-La, electric blinds. Concise, beautiful and generous, the motor generates low heat, can work continuously for a long time, and there is no thermal protection time limit. It is compatible with all RS control systems.

Features:

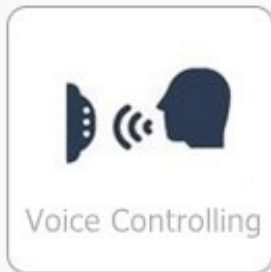

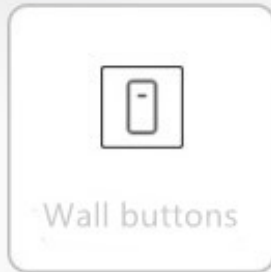

Double sided brake structure (Double breaking) design with patent

Precise limit structure, repeat positioning accuracy can reach $\pm 2^\circ$;

International leading silent patented technology, helical tooth ultra-quiet structure design, can be equipped with solar panels, the maximum number of optional limit circles is 32 circles and 45 circles;

Support silent operation, noise value as low as 30dB, DC power supply, energy saving and environmental protection.

Controlling:

Multi-controlling available in motors.
